

HELP FENCE THE CHILDREN'S GARDEN & FUND EDUCATION PROGRAMS

Your contribution of \$75 per picket supports vital Clovis Botanical Garden operations and expands educational programs for kids.

Decoratively painted pickets installed now will remain in place on the fence surrounding the Children's Garden for the next 3 years.

Give your artist an outdoor showcase in our Children's Garden.

HERE'S HOW "PICKETS FOR PROGRAMS" WORKS!

1. Purchase a single picket for \$75, or 5 pickets for \$300, at the CBG Gift Shop, OR, purchase at www.clovisbotanicalgarden.org If you purchase on-line, you will be notified when your picket(s) is(are) ready for pick up.

2. Paint Your Picket*

Painters (young and old) are encouraged to get creative with the theme "Connecting People with Nature" by using images of people, plants, animals and other items from nature.

Wooden pickets, 6" x 30-34", are primed and ready for your artistic expressions. The Garden provides instructions, brushes, and high-quality paints.

Not feeling creative? An additional \$50 per picket gets your picket painted by a local artist.

3. Return your painted picket(s) to the Garden. Installation is usually done within 2-3 weeks.

A clear finish coating is applied to keep your picket art vibrant for years!

4. Grow the Garden

Your contribution to this public art fundraiser provides much needed financial support for vital Garden operations and enables expansion of our educational programs. Decoratively painted pickets adorn the fence surrounding the Children's Garden and will remain in place for 36 months, for everyone to see. Opportunities exist to renew or repaint your picket.

Our thanks to San Luis Obispo Botanical Garden for this great idea! Visit slobg.org to learn more about this public garden in El Chorro Regional Park, between San Luis Obispo and Morro Bay.

*Text, logo, signatures, and messages may only occupy the bottom two inches of each picket. Painted pickets will be subject to approval and picket installation location determined by CBG.
